

Multi-Vendor E-Commerce App

A cross-platform mobile application built with **Flutter** that brings multiple business types together in one place — including restaurants, general stores, supermarkets, and pharmacies. The app lets users browse vendors, order products, track deliveries, and manage their shopping experience from a single, unified platform.

Key Features

- Browse vendors across categories (restaurants, stores, supermarkets, pharmacies)
- Powerful global search across items and vendors
- Unified cart with clear checkout flow and payment integration
- Order tracking with real-time status updates and delivery/pickup options
- Interactive maps for vendor locations and delivery addresses
- Ratings and reviews for vendors and products

KFC, or Kentucky Fried Chicken, is one of the world's most famous fast-food chains, known for its signature blend of 11 herbs and spices that gives its fried chicken a unique and unforgettable flavor. Founded by Colonel Harland Sanders, KFC has become a global icon for crispy, juicy chicken meals served quickly and consistently. Whether it's their classic buckets, Zinger burgers, hot wings, or fresh sides like coleslaw and fries, KFC offers a satisfying experience for individuals and families alike. With its warm red-and-white branding, convenient locations, and a menu that blends tradition with new innovations, KFC continues to be a favorite place for people craving delicious fried chicken and a quick, enjoyable meal.
